QUESTIONS AND RESPONSES # 7

Question 179: Regarding our Criminal Justice Information System (CJIS) account for background checks, we are concerned even with the extension that our account may not be approved in time. We are also concerned that if our account is approved, we may not receive our staff's background check results before the proposal is due. Attachment R Criminal Background Check Affidavit requires us to affirm that we have complied with RFP section 3.8.2. Is there an alternative process we can use if we do not receive our account and/or results before the due date?

Response: Please see Amendment number 5.
